ICORP Investigations is committed to providing quality Insurance Fraud Training to all Integral Anti-Fraud personnel as required by state insurance regulations.

It's convenient. ICORP Investigations combines every course we offer to meet your Compliance and Continuing Education needs. Our method of delivery is through our secure online web site. We take care of the rest – from administration, record keeping, to providing certificates of completion.

Online students have the additional convenience of taking courses whenever they want. Our program allows users to start and stop without losing their place or data. *Compliance has never been so easy!*

Customized Courses include:

- All required compliance training
- Your company's SIU procedures, guidelines and contacts

**All material is editable and can be
updated as needed**

Customized Training Center

- Branded to look like your company
- Secure & Private URL
