

LITIGATION SUPPORT & TRIAL PREP SERVICES

DON'T TRUST YOUR LITIGATION SUPPORT TO JUST ANYONE.

At ICORP Investigations, our team of experts is at your service and ready to assist your team with all aspects of legal support services. Our staff are experts at gathering evidence, interviewing witnesses and building a cogent and detailed account of not only what happened, but how and why it happened.

DOES YOUR TEAM NEED TO GATHER INTELLIGENCE ON THE OPPOSING PARTY?

Our individually tailored prep service plans are conducted in an effective, but discreet and time-sensitive manner—arming your firm with the information necessary for success in even the most complex matters.

DO YOU NEED TO IDENTIFY, LOCATE, AND INTERVIEW PERSONS OF INTEREST AT A MOMENT'S NOTICE?

By combining comprehensive detailed background reports with experienced and highly effective SIU investigators, we're able to effectively track down individuals at a moment's notice, as well as to extract the information requested by our client. Once a plaintiff is located, at the clients request we can procure video, and provide footage in 24–72 hours.

IS THERE A CONFLICT OF INTEREST ISSUE WITH YOUR STAR WITNESS?

ICORP Investigations has been entrusted with just such matters on countless occasions, and has consistently delivered the results needed by our clients in the legal profession.

All Investigators are also multi-lines, Licensed Adjusters where applicable
